**Although Covid 19 restrictions have changed for the overall community we are still required to enforce protocols going forward at this time.**

Protocols still enforced for MASKS, SOCIAL DISTANCING and LIMITING NUMBERS OF PEOPLE AT SALES.

Please nominate your vendors and buyers for addition to the gate security list. The entry list for gate security is still in place. It is vitally important you discuss the restricted protocols with your vendors and buyers. They must know it is important to only attend the sales to either watch their cattle sell or to only attend and buy, then leave the site. This will allow more clients to attend and do business.

We are not open for a social day out at this time and would appreciate your full cooperation and assistance to make this work out for everyone.
